„Träume aus Perlen“

Important :

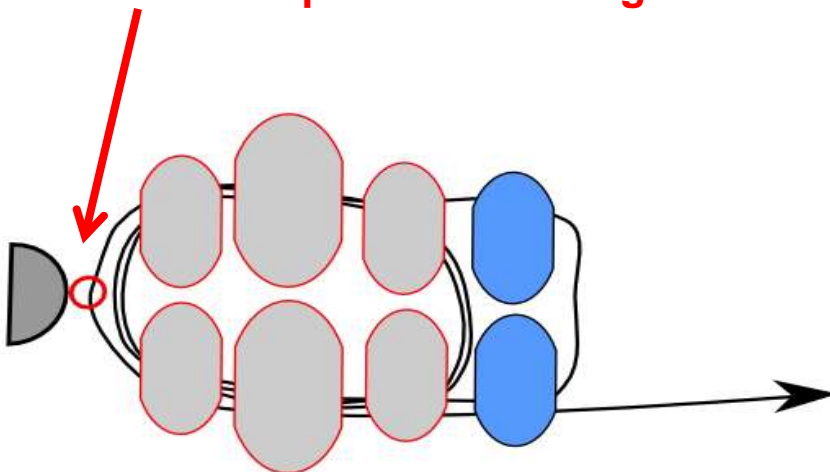

Read the instruction and hints carefully before you start!

1. Pick up **R11/R8/2R11/R8/R11**.  
Join together using ladderstitch,  
so that on both sides **1R11/1R8/1R11** will lay.  
Thread exits one **R11**.

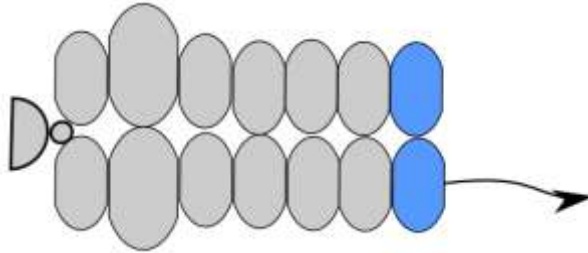

2. Pick up **2R11** and sew back through **R11/R8/R11**  
(Herringbone) of the other side. Fix the clasp by sewing  
through it several times.  
Step up through **R11/R8/2R11**

**At this point sew through several times !!!**

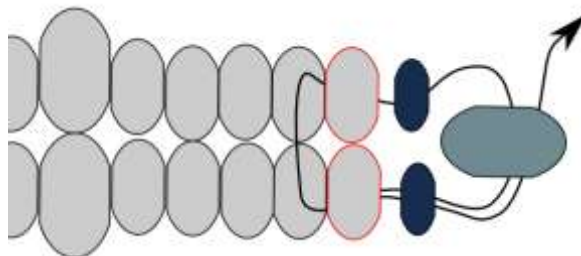

3. Repeat step 2 three times, this will secure the clasp.

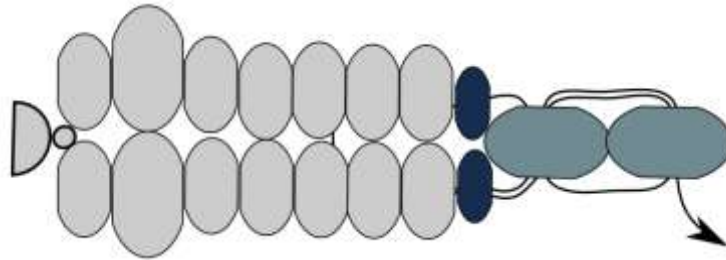

Thread exits one **R11** .

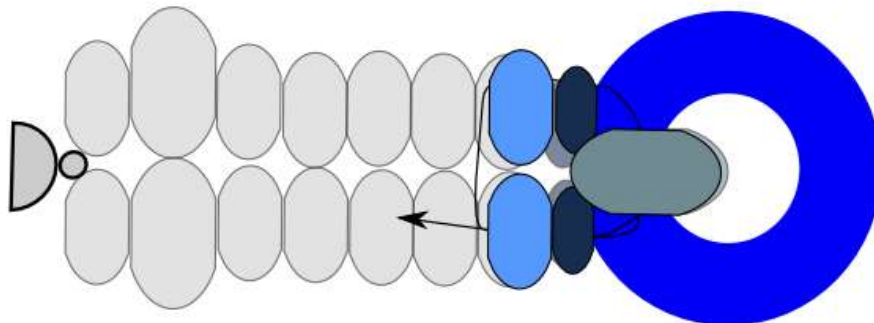

4. Pick up R15/R8/R15, sew through the last picked up two R11, step up to the R8

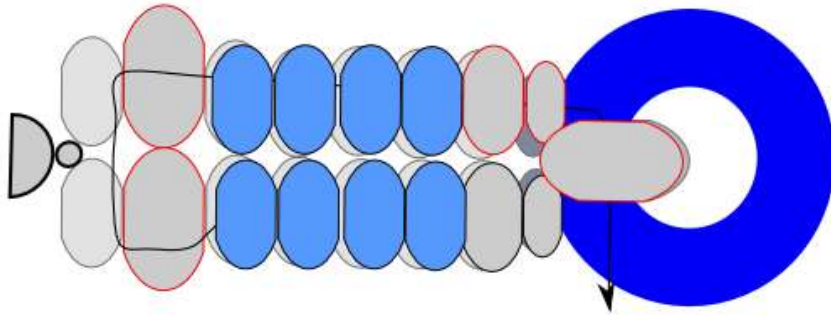

5. Pick up one R8 and fix it to the previous R8.  
Thread exits the R8

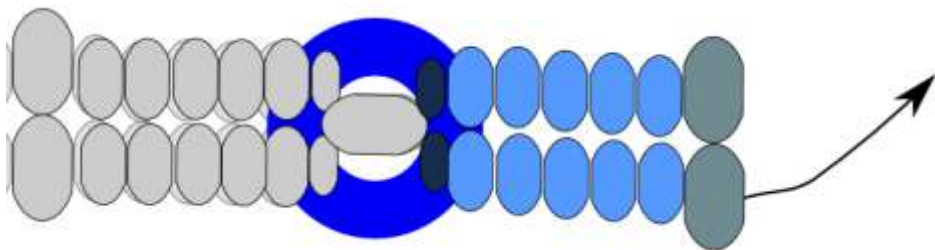

6. Pick up one glas-ring
7. Pick up R15/2R11/R15 and sew through the R8.  
Sew forward through R15/R11

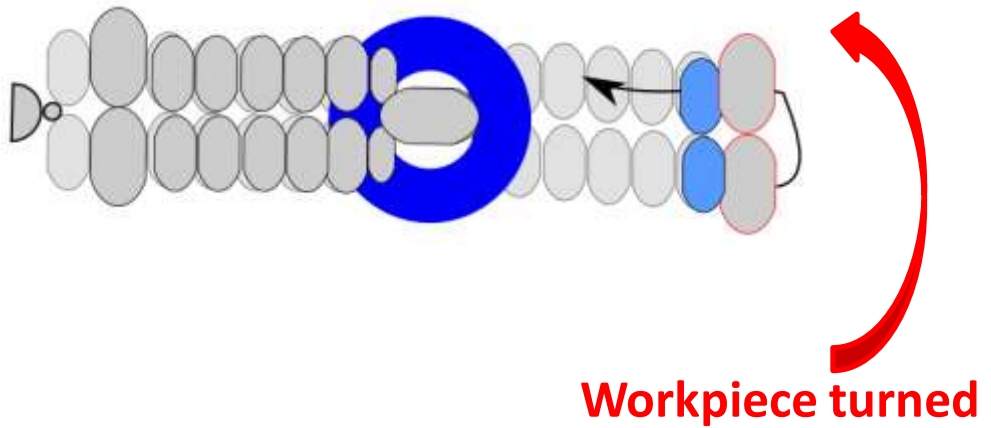

8. Sew four times herringbone with R11.  
Now the back side will be joint to the front side.  
Sew through the R8 from step 1 and sew up to the R8  
from step 5.

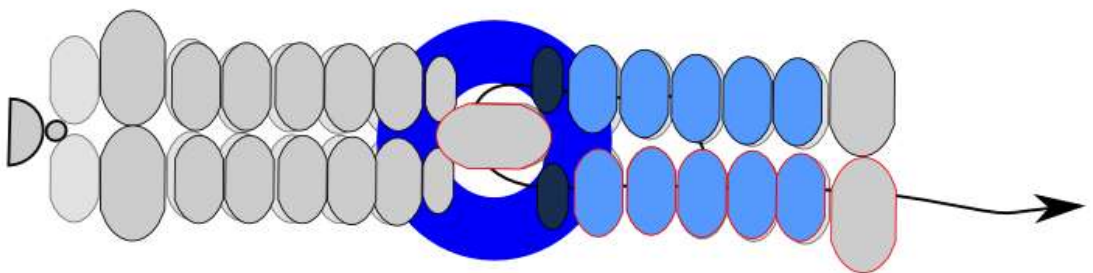

9. Fix 2R15/2R11/2R11/2R11/2R11/2R11/2R8  
To the R8 using herringbone-stitch

10. Behind the last picked up two R8 fix thwo R11.  
(turn your workpiece )

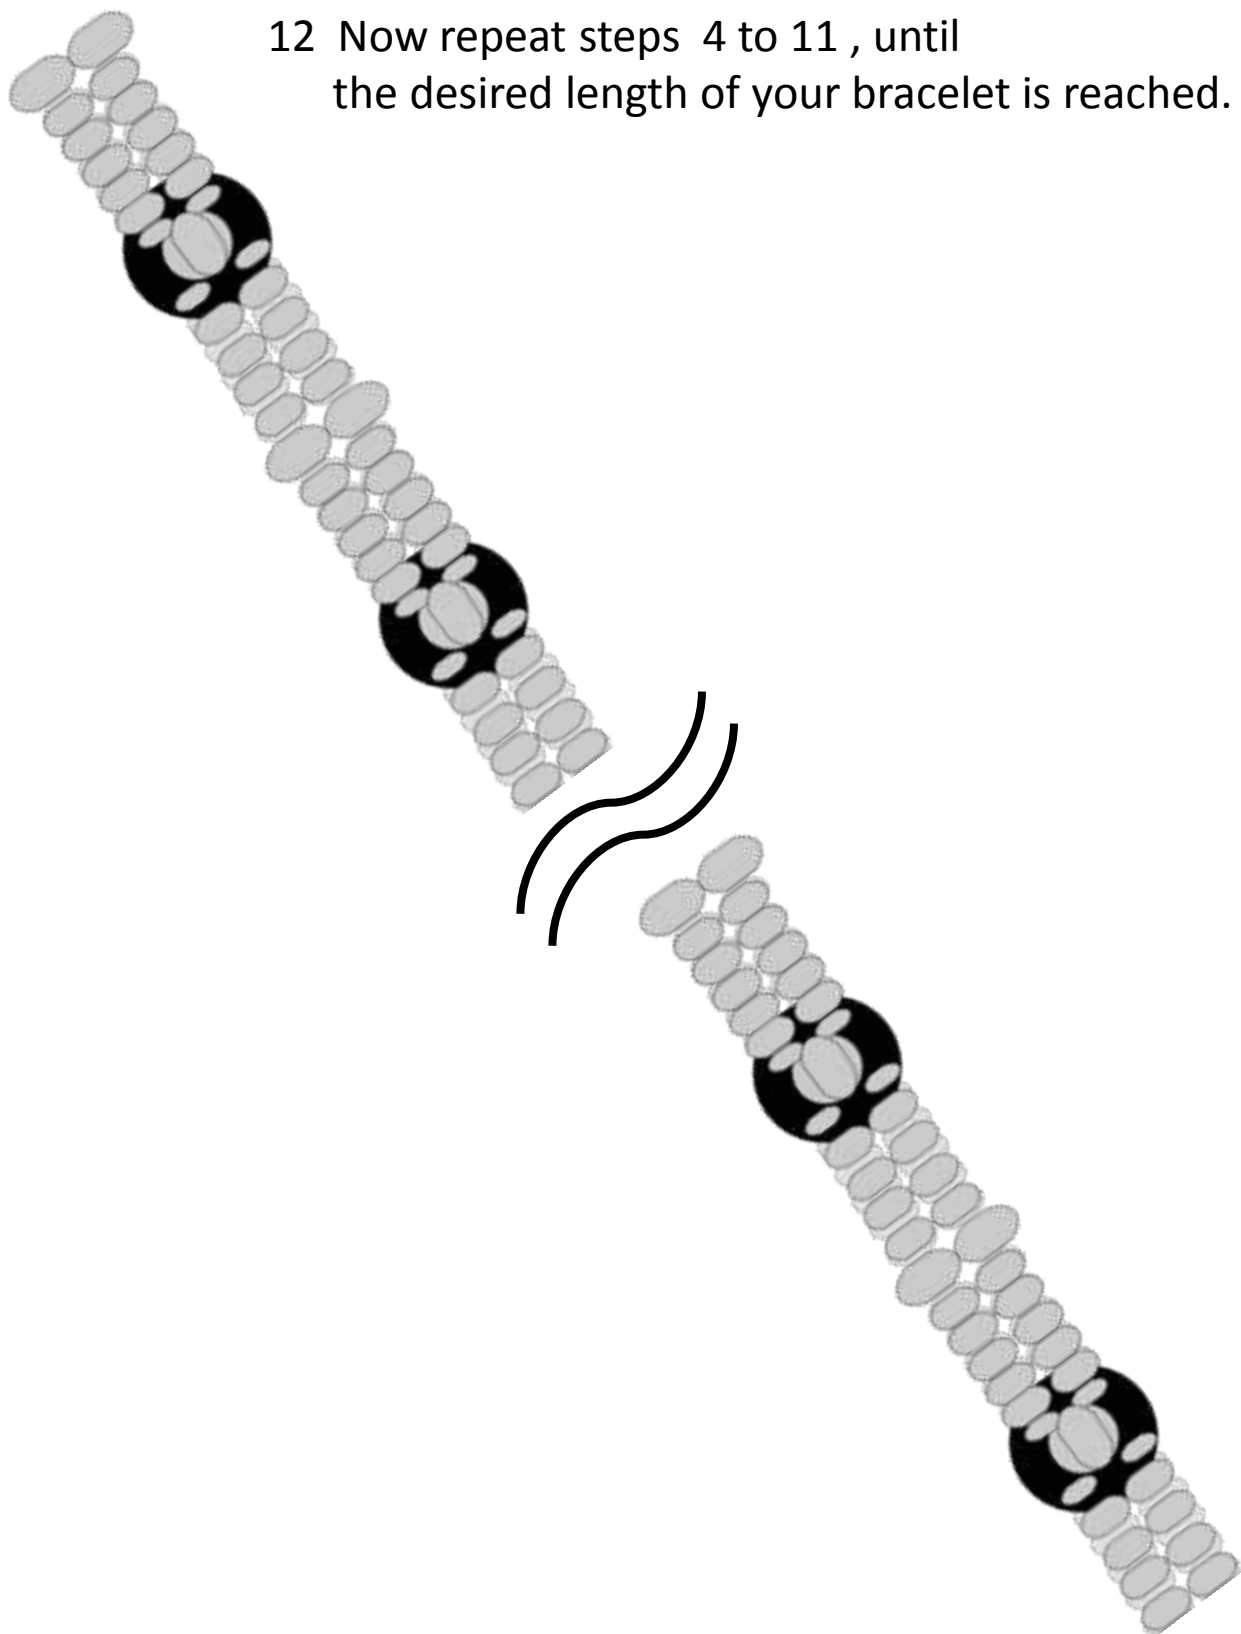

11. Fix 2R11/2R11/2R11/2R11/2R15 to the R8  
from step 5, using herringbone-stitch.

12 Now repeat steps 4 to 11 , until  
the desired length of your bracelet is reached.

Happy beading

Thorsten Grotke-Wegner

# Chirurgenknoten / Surgeon nodes

Der „Chirurgenknoten“ kann für die Verbindung zweier Schnüre benutzt werden.

Bei monofilen

Schnüren müssen mindestens

2 Überschläge, ich nehm immer 3 (Schritt 3) gewunden werden sonst rutschen die Schnüre durch.

*The "surgeon's knot" can be used to connect two cords.*

*With monofilament*

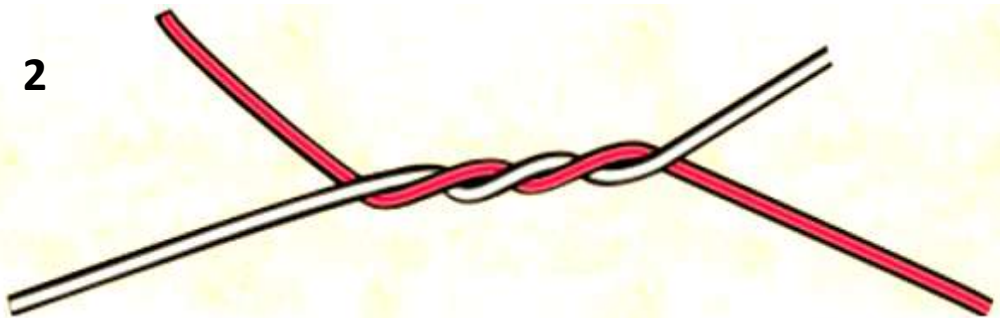

*Strings must be at least*

*2 rollovers, I'm always 3 (step3) wound otherwise the strings slip through.*
